Executive Order 12372: This program has been determined to be subject to provisions of Executive Order 12372, as implemented by 45 CFR part 100. Executive Order 12372 allows States the option of setting up a system for reviewing applications from within their States for assistance under certain Federal programs. The Form PHS 5161 contains a listing of States that have set up a review system and will provide a State Point of Contact (SPOC) in the State for the review. A list of SPOC contacts is also available at <http://www.whitehouse.gov/omb/grants/spoc.html>. Applicants (other than federally-recognized Indian tribal governments) should contact their SPOCs as early as possible to alert them to the prospective applications and receive any necessary instructions on the State process. For proposed projects serving more than one State, the applicant is advised to contact the SPOC of each affected State.

Except in unusual circumstances, the due date for State process recommendations is at least 60 days from the deadline date established by the Secretary. 45 CFR 100.8(a)(2). In this instance, there are less than 90 days before the end of the 2003 fiscal year (on September 30, 2003). Due to this unusual circumstance, HRSA is establishing a 30-day due date for State process recommendations to assure timely consideration of such recommendations. The HRSA does not guarantee that it will accommodate or explain its responses to State process recommendations received after the due date (See "Intergovernmental Review of Federal Programs" Executive Order 12372, and 45 CFR Part 100, for a description of the review process and requirements).
